A DOUBLE TRAGEDY

Wife Murder and Suicide Discovered by Firemen.

HOUSE FIRED TO HIDE CRIME

Wealthy Manufacturer of New Rochelle Is Believed To Have Killed His Young Wife and Himself—Note Left Points to This Fact.

New York, Nov. 25.—A double tragedy, wife murder and suicide, was revealed early Saturday by firemen who had been called out to subdue a blaze in the home of Nicholas Smith, a wealthy manufacturer of New Rochelle.

When the firemen burst into the house after the flames had been controlled they found Smith and his young wife dead, each with a bullet wound in the body.

On the floor by the side of Smith's body was found a revolver with which it is thought the shooting was done. That Smith had killed his wife, fired the house in the hope that it would hide his crime and then killed himself, was plainly proven in a note which was found in the room.

LOUISIANA PLANS REFORMS.

Between $150,000 and $200,000 Will Be Saved to the State.

Baton, Rouge, La., Nov. 25—Between $150,000 and $200,000 per year will be saved the state of Louisiana by reforms in tax collecting instituted by the present extra session of the Louisiana legislature. This was made evident Friday when the various factions of the legislature left town for a two days' rest after having settled their disputes in joint committee conferences.

Next week will be devoted to formally turning into laws the reforms worked out in committee. The legislature will grant $15,000 and appoint a commission for an investigation of port conditions at New Orleans, which is expected to result in disclosures and reforms important to a large section of the south.

SUCCESSFUL CONVENTION.

Southern States Commissioners of Agriculture Finish Session.

Atlanta, Ga., Nov. 25—Hon. T. G. Hudson, commissioner of agriculture for Georgia, recently elected president of the Southern States Commissioners of Agriculture association, accompanied by Dr. J. M. McCandless, state chemist of Georgia, have returned from Columbia, S. C., where they report the most successful convention in the history of this organization.

At this meeting a uniform pure food law for the south was discussed and a committee, headed by State Chemist McCandless, state chemist of Georgia, consisting of him, State Chemist B. W. Kilgore, of North Carolina, and State Chemist E. W. McGruder, of Virginia, was appointed to draft such a law to be presented to the convention, which meets next year in Nashville, Tenn., where Commissioner Hudson will preside.

FORD BROTHERS SENTENCED.

One Given Life Sentence, the Other Ten Years in Pen.

Montgomery, Ala., Nov. 25.—A special to the Journal from Linden says: Will Ford has been given a life sentence and his brother, Spencer Ford, ten years, for the murder of Luke Bradford, an old miser, who was killed for his money.

Possession of unusual wealth upon the part of Ford gave the officers a tip.

Both are young members of a well known family.

Bank of Covington to Increase Stock.

Covington, Ga., Nov. 25.—The stockholders of the bank of Covington will meet Monday, Dec. 2, for the purpose of increasing the capital stock from $37,500 to $100,000. The Bank of Covington was organized about six years ago with a capital stock of $25,000.

$100,000 RAISED FOR MISSIONS.

Vast Sum Raised in the Territory of North Georgia.

Cartersville, Ga., Nov. 25.—At the Sam Jones Memorial church Friday at 8 o'clock, a special missionary service was held, at which Rev. J. R. Nelson, of Nashville, Tenn., the missionary secretary of the general board of missions, delivered an inspiring address. He spoke directly upon the great movement among the laymen in the interest of missions, and called attention to the great laymen's convention which will be held in Chattanooga, Tenn., in 1908, at which convention 120 delegates from Georgia will be expected to attend.

He called attention to the fact that never before in the history of the world has such universal interest been taken and concentrated effort been put forth as is now being exerted to Christianize the world by sending out missionaries into the foreign field.

Dr. J. E. Dickey, chairman of the mission board, also delivered an inspiring address.

Asa G. Candler, ofAtlanta, treasurer of the board, read his report, which showed that during the year $43,344.41 had been paid by the various churches for foreign and domestic missions, which was $2,425.68 above $26,277.28 was collected for foreign missions and $17,067.13 for domestic missions. The report in detail showed that the Atlanta district led all others by collecting $1,493.49 over and above the assessments, and that the Oxford district came second by collecting $1,015.51 over and above their assessments.

Though few changes in the pastorates of the churches in the Atlanta district it is thought are contemplated, it is generally rumored that there will be a general shaking up among the pastors in many of the other districts.

The bishop is transacting the business of the session with remarkable rapidity, and it is probable that the appointments will be read by Monday afternoon.

The vote deciding as to the church where the next annual conference will be held will not be taken until just before the reading of appointments.

The missionary collections from all sources, including the women's society of the church, will approximate $100,000.

Dr. R. J. Bingham was introduced to the conference, and in a most impressive manner, paid a beautiful and touching tribute to the memory of the late Senator John W. Akin. He spoke of the deceased's love for literature, his public career, and his public career, and his beautiful home life, and then, in behalf of Mrs. J. W. Akin, the wife of the deceased statesman, announced that, to perpetuate the memory of her distinguished husband, she desired to give $5,000 to be appropriated to the English section of the Emory college library.

SENT UP FOR FIVE YEARS.

President of Attalla National Bank Is Sentenced to Atlanta Pen.

Birmingham, Ala., Nov. 25—Louis M. Dyke, president of the former Attalla National bank, charged with misappropriating funds of a national bank, entered a plea of guilty before the federal court at Anniston Friday after the trial was on.

Hon. Sidney Bowie, former congressman, pleaded for mercy.

The court sentenced Dyke to five years in the Atlanta penitentiary. A ten thousand dollar bond was taken and the sentence suspended for six months in order to allow the defendant time to make provision for his family.

Met at Washington.

Washington, Nov. 25.—The thirty-sixth international convention of the Young Men's Christian association of North America opened here Friday. Many delegates were in attendance from all parts of the country. The session will continue four days.

Wipes Out Debt to Japan.

London, Nov. 25.—Russia Saturday wiped out the balance of her indebtedness to Japan arising from the war, the Russian embassy handing over to the embassy of Japan for the maintenance of Russian prisoners.

W. P. INMAN DEAD

Prominent and Public Spirited Atlantan Dies Suddenly,

WAS IN HIS EIGHTIETH YEAR

He Was One of the Wealthy Men of the State and Prominently Identified with the Financial and Business Growth of Atlanta.

Atlanta, Nov 25.—Mr. Walker P. Inman, a resident of Atlanta for nearly fifty years, president of the Atlanta Journal company, and one of its most prominent and public-spirited citizens, died very unexpectedly early Saturday morning at his resident on Peachtree street, in the eightieth year of his age.

Mr. Inman's death was announced by no premonition of illness. On Friday he visited, as usual, his office in the Inman building, and was in the office of the Journal at 4 o'clock in the afternoon. He was in his usual good spirits, and soon after the appearance of the paper he took his carriage and was driven to his home. After supper he spent his evening with his family, and retired at his usual hour.

When he was summoned by the maid Saturday morning at 6:45, his hour for arising, no answer was received. Becoming alarmed she immediately made known her apprehensions, and it was soon realized that Mr. Inman had passed away during the night. His position in death was as peaceful as if he were in the midst of a sweet sleep. His wife and the other members of his family were soon by his bedside, stricken with the profoundest sorrow at the sudden calamity which had befallen them.

Mr. Inman had a very large family connection. He is survived by his wife, two children, twelve grandchildren and two great-grandchildren.

Walker Patterson Inman was born in Huntsville, Ala., June 18, 1828, and was therefore approaching his eightieth anniversary. He was the son of John and ane (Walker) Inman. In early boyhood his parents returned to the old Inman home in Dandridge, Tenn., where Mr. Inman began his life work. His first employment was in one of the stores of the neighborhood, for which he received the sum of $50 per annum. It is narrated that Mr. Inman made an excellent clerk, and laid away a small part of his annual earnings.

He removed to Georgia in 1837, settling at Ringgold, in the northern part of the state. In 1855 he came to Atlanta, and at the outbreak of the war, was engaged in the banking business. He was also at this time a member of the mercantile firm of Inman, Cole & Co., one of the largest establishments at that time in Atlanta.

SUNDAY CLOSING MOVEMENT.

Temperance Workers Begin Crusade Against Saloons in Chicago.

Chicago, Nov 25.—Numerous meetings were held Friday by proponents and opponents of the Sunday closing movement and the lines were drawn tighter in preparation for the test of Sunday, when the most forceful attempt to close saloons ever made in Chicago will begin.

All over the city temperance workers will gather evidence showing violations of the Sunday closing law.

The members of the Women's Christian Temperance Union held an all-day rally at which five collections were taken up to add to the war fund against saloons. Hundreds of women and two hundred men were present and there was praying and exporting.

The liquor men were likewise active and the Chicago Restaurant Keepers association held a meeting and resolved to join forces with the saloon keepers in defense of their city licenses to dispense drinks on Sunday.

The saloon men are talking of seeking a court injunction against the interference with their open Sunday privileges.

ATLANTA GETS NEXT MEETING.

Georgia Baptist Convention Has Completed Its Work.

Valdosta, Ga., Nov. 25—The eighth annual session of the Georgia Baptist convention, which convened here on Tuesday night, completed its work and adjourned at 10:30 Friday morning.

The next session will be held in Atlanta, beginning Friday evening before the fifth Sunday in November, 1908.

The report of the committee on time and place reported that no church had extended an invitation to the convention for next year, which fact was developed shortly before the hour for adjourning. It was at this stage, the convention finding itself without a home, Dr. John D. Jordan, Dr. W. W. Landrum and Dr. John E. White, came to the rescue and with commendable spirit asked the convention to meet in the Capital City.

Dr. Jordan introduced a resolution, which has passed, authorizing the executive committee to arrange the business for a longer session at the next convention, so that four days would be required to complete the work. Dr. Jordan said that as an Atlanta pastor, he would be glad to have the honor of entertaining the next convention, but he wanted the delegates to stay longer than heretofore and did not believe the immense amount of business before so important a body could be properly transacted in less than four days. His expressions met with a hearty endorsement from the convention.

The closing of the session was marked by impressive scenes. While the congregation joined in the singing, the officers assembled at the front of the rostrum while the good old-fashioned hand shake was indulged in.

Rev. Alex Dealer led the closing prayer, after which President Northen declared the body adjourned. A majority of the delegates left for their homes Friday.

ALABAMA LEGISLATURE.

Compromise Between Prohibitionists and Opponents Effected.

Montgomery, Ala., Nov. 25.—After voting decisively against the consideration of the Carmichael prohibition club bill, the senate Friday afternoon retraced its steps and by a practically unanimous vote passed the bill. The compromise between the prohibitionists and opponents was effected by Senator Moody, from Tuscaloosa.

The bill as amended provides that clubs organized and chartered prior to Nov. 1, 1907, do not come under the provisions of the act. It is also provided that individual club members cannot be held responsible for the violations of the act as was set forth in the original bill.

Other bills that passed was one to prohibit the sale of firearms and make it unlawful for any man to own a gun less than 24 inches long; to prevent waste of gas and electricity and fraudulent use of street car transfers; prevent collusion on the part of corporations to secure injunctions; prohibit drinking on trains in the presence of ladies.

Walking Match Nearing End.

Cincinnati, O., Nov. 25—The fifth day of the walking match between Dan O'Leary of this city and Henry Schmehl, of Chicago, at Music Hall here, found both men in good condition. The contest will close Saturday night. Schmehl has made up much ground and was only eight miles behind his opponent.

Rendered Verdict of Guilty.

Gainesville, Fla., Nov 25—After deliberating sixteen hours in the case of the state against J. N. Strobhar, for the alleged embezzlement of $7,500 of the Seaboard Air Line railroad funds, the jury rendered a verdict of guilty. This was a hard fought trial in several courts in Canada Georgia and Florida.

Cashier Found Guilty.

Lake Charles, La., Nov 25.—J. H. Hoffman, former cashier of the Citizen's bank of Jennings, La., has been found guilty of accepting deposits after he knew of the bank's insolvency. The bank suspended operations in 1904. Sentence was deferred.

LAWYERS ARE BUSY

Hope Next Week Will See End of Bradley Trial.

CASE TO RESUME MONDAY

Defense Will Then Enter Upon Presentation of the Indications of Insanity on Part of Their Client by the Experts.

Washington, Nov. 25—The lawyers on both sides of the Bradley case were very much elated today in preparing for what all of them say will be the last week of the famous murder trial.

The case will be resumed Monday and the defense will at once immediately enter upon the presentation of the indications of insanity on part of their client to the experts who have been summoned to pass upon the matter in her behalf. They are confident in putting the finishing touches upon the hypothetical questions which they will propound to the experts and will have it in the best possible shape when court convenes Monday.

The mere reading of this document containing as it does over 12,000 words, possibly, will consume two hours of time. It will be read to the experts who, after listening carefully, will be expected to render their opinions as to the mental condition of Mrs. Bradley when she fired the fatal shot at her former lover, ex-senator Brown, of Utah.

The question will be in effect a review of the entire defense in the case. It will discuss in detail much of the testimony, and after grouping all of the facts indicating mental aberration and going to show eccentricity, insanity, or peculiar physical conditions on the part of ancestors, will then try to force the conclusion that Mrs. Bradley was not responsible at the time of the tragedy.

On the other hand, the prosecution will undertake to combat all the contentions and to show that the defendant was not only responsible when she fired the shot, but that all of her acts were deliberate and that she came to Washington with the avowed purpose of either compelling Senator Brown to marry her or of killing him.

TRIAL FOR EXTRADITION.

Pretty Russian Woman's Life Probably Hanging in Balance.

Vienna, Nov. 25—Wanda Dobrzieska, the woman who killed Gen. at General Skalon, governor general of Warsaw, and aided by confederates disappeared, has been brought to Cracow to Vienna, where her case extradition to Russia will take place.

The prisoner is a strikingly pretty woman of the Polish type, and is intelligent. After her crime, Warsaw to Cracow. There her beauty attracted many admirers, one of whom an Austrial, she married.

Dr. Liebermann, a socialist leader will defend the woman before the Vienna landegricht.

If the decision is against her she will lose both her husband and life.

Immigrants Arrive at Savannah.

Savannah, Ga., Nov. 25—The first immigrants from Europe to arrive reached Savannah Friday direct from New Orleans. They are part of some 200 who are to come from the same section. The present party are to be immediately distributed on farms in Dade, Brooks and Lowndes counties. All are men. It is intended that the men would come here direct by steamer, but on account of certain freight conditions the party was diverted to New Orleans. The next will come direct to Savannah.

Officers Are Elected

Providence, R. I., Nov. 25—The choice of officers, the last routine business before the American Civic association, which has been in its four days' convention in this city in conjunction with the National Municipal league, resulted Friday in the election of practically all of last year's officers to succeed themselves.

NEWS OF CITY AND COUNTY CONDENSED

H. A. Ford left yesterday for Jacksonville on a business trip.

W. L. Hill has returned from a business trip to High Springs.

R. H. Holstein of Hague was a visitor to Gainesville yesterday.

C. C. Roundtree of Orange Heights, one of the most progressive citizens of the East End, was trading in the city yesterday.

Born, Monday evening, to Mr. and Mrs. E. H. Smith, at the residence of Dr. and Mrs. J. F. McKinstry, Jr., a fine boy. Friends extend congratulations.

"Doan's Ointment cured me of eczema that had annoyed me a long time. The cure was permanent."—Hon. S. W. Matthews, Commissioner Labor Statistics, Augusta, Me.

Hardy Jarvis has returned to his home in this city, after an absence of about a month. Hardy visited Richmond, Norfolk, and the Jamestown Exposition with his father, and en route home stopped for a few days in Waycrosse, Ga., with his aunt, Mrs. C. W. Wiggins.

Dr. Abie Williams of Moneda, S. C., spent a few hours in this city yesterday. He was en route to Ocala, where he is seriously thinking of locating. He is a cousin of H. P. Eolstein of this city.

H. C. Roth, the North Gainesville painter, desirous of owning and occupying one of the neatest homes in his section, has begun extensive alterations and additions. The home will be considerably enlarged and will be changed to modern architecture.

Attention is called to the advertisement of Greenleaf & Crosby Co., jewelers and silversmiths, Jacksonville, who are advertising a general line of articles in their line. This is one of the oldest and most reliable concerns of the kind in the South, and never fails to give satisfaction.

E. K. Anderson, a leading young business man of High Springs, is in the city. Mr. Anderson has not only been a moving spirit in the commercial life of his town, but is also prominent in politics, being the chairman of the Democratic Club, and for some time a member of the town council.

Eli Futch, who is spending a few weeks in Alachua as a salesman in the store of the J. E. Futch Company, arrived in the city Sunday afternoon on a visit to his mother, returning yesterday. Mrs. Futch expects to leave today for Ocala, where for the next few days she will be the guest of friends.

Friends of W. E. Dow are glad to see him out again. Mr. Dow, who was stricken with paralysis several months ago, has so far recovered that he is enabled to get about the streets and call on his friends in his usual clever way. He spent several hours on the streets yesterday, and all his old associates and friends were glad to welcome him out again.

After an absence of a couple of months at LeRoy, where he has been employed as a salesman in the store of his brother, Raymond B. Newbern returned to his home in this city yesterday. Raymond, who is an exceptionally bright young man, expects to leave in a day or two for Macon, Ga., where he will enter a business college. All his friends predict for him a bright future.

Among the visitors to this city yesterday was Judge A. J. Cone of Raleigh. Judge Cone, who is an old Confederate veteran of years of actual experience, has written an interesting story of reminiscences of that memorable campaign, which will be published as soon as it can be produced from the press. It goes without saying that the work will prove of interest, as Judge Cone is a fluent writer.

L. E. Tucker and Jas. W. Smith of Palatka, representing the Germania Life Insurance Company, are in the city. Mr. Smith has for years been connected with the firm of G. Loper Bailey & Co., State managers of the Germania, Palatka, and has many friends in this city and section. Mr Tucker is comparatively a new man in Florida, but is possessed of a nature which is bound to make friends.

Prof. W. G. Smith, the expert from the Bureau of Soils, Department of Agriculture, United States Government, left Sunday for Live Oak, where on Monday afternoon he delivered a lecture on the soil conditions of this State. Prof. Smith appears to be a scholar well up in the propogation of the soils in various sections of the South, and it is to be regretted that conditions were not favorable for him to make a full address here.

Mrs. J. E. Futch, who recently visited the groves of her husband in DeSoto county, upon her return brought some very fine specimens of grape fruit which show what the condition of the crop is in that section. Mrs. Futch also brought from the grove of Dr. Smoke, formerly of Alachua but now residing in Lee county, an unusually large specimen of this fruit. The entire citrus crop, especially the grape fruit, seems to have thrived in South Florida this season, and that portion of the crop shipped has realized good prices, owing to the handsome appearance and extra fine quality.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

Grand Chancellor Lynch Has Been on a Tour of West Florida.

Grand Chancellor L. C. Lynch of the Knights of Pythias is at home again, after an extended tour of West Florida, where he went to make official calls.

Mr. Lynch visited Sneads, Bristol, Apalachicola, Carrabelle and other points. At Sneads and Bristol he had the pleasure of attending the district conventions, in both instances the meetings being largely attended, and a great deal of enthusiasm manifested.

Grand Chancellor Lynch stated that he found the order in a very flourishing condition at every point visited, and he felt very much encouraged over the progress being made. At Apalachicola and Carrabelle the brothers treated him to an old time fish supper, which it is needless to add was very much enjoyed.

At the Methodist Church.

A most enjoyable feature of the services at the Methodist church Sunday evening was the tenor solo, "The Way of Peace," by J. A. Goodwin, which was thoroughly enjoyed, especially by those who understand and appreciate good music.

Mr. Goodwin is possessed of an unusually clever voice, well trained, and his work is always of the highest standard. The Methodist church is indeed fortunate in securing his services on the choir.

THE LOWMAN CASE IS NOW ON TRIAL

All of Monday Occupied In Completing a Jury.

72 VENIREMEN WERE EXAMINED

J. H. Kincaid Excused After Panel Had Been Tendered and Accepted—Night Session Required to Complete Jury. Judge Carter on Counsel for Defense.

The entire time of the circuit court was occupied Monday in securing a jury in the Lowman murder case, the panel not being completed until 8:30 p. m. when the following twelve men were sworn to try the case:

E. Dyess, L. C. Doane, A. A. McRae, W. G. Carter, James Cellon, J. C. Stokes, E. K. Anderson, Burrell Wiggins, H. J. Riles, John Thomas, W. R. Scarborough, Moses Edelstein.

The defense, which is represented by Judge Syd L. Carter, Hon. John R. Wills and Judge E. A. Pinnelle & Son as counsel, exhausted nineteen of their twenty challenges, while State Attorney J. M. Rivers and his assistants, Hon. A. V. Long and Col. J. A. Williams, had only one of the ten challenges left when the State tendered the panel and the same was accepted. The court had excused thirty-two veniremen for cause.

A Peculiar Incident.

At one time after the panel had been tendered by the State and accepted by the defense, J. H. Kincaid stood up and solemnly informed the court that he did not believe he could do justice in the case. After considerable questioning by Judge Wills the juror was excused, and the work of examining additional veniremen was taken up, another half-hour being required to complete the panel.

After the jury was sworn and Deputy Sheriff I. T. Walker sworn in as bailiff, court adjourned until 9 o'clock this morning, when the taking of testimony will begin.

The Sabal Palm.

Editor Sun: In regard to transplanting the Sabal Palm, or cabbage palmetto, the following should be observed: This species of the palm family is one of the most difficult to transplant, being very slow in forming new roots; hence it is at the risk of the planter to plant small plants, say with only four to six fans on them, because the sap in these young plants is insufficient to sustain the plants till new feeding roots are formed, which will take about twelve months. For this reason a tree from six to fifteen feet high will grow more rapidly, the same containing sap enough to keep the tree alive. The old roots on these palms should always be pruned off, the same being of no use. After planting the tree should be kept only moderately moist.

In the Mayor's Court.

There was an interesting session of the mayor's court Monday, the usual number of cases having come up for hearing.

Peter Brown, Earnest Hickland and Jack Taylor arraigned for gambling, were assessed a fine of $5 and costs each.

Harold Carter, Jr., William Stroble and Jack Jewell were arrested by Officer Arnow for fighting. They were assessed a fine of $5 each, which was paid.

Officer Kite made the arrests in all of these cases.

Both parties are colored.

Had An Eye Removed.

Friends of Jack Guthrie, who had the misfortune about three weeks ago to receive a blow from a missile which struck him in the eye, will regret to learn that an operation became necessary. Yesterday afternoon Dr. J. H. Gillis removed the eye, the sight of which had been lost.

Young Guthrie stood the operation with remarkable coolness, and is now resting well. He has the sympathy of his friends in his misfortune.

CURE BY CUTICURA AT CITY MISSION

Young Woman Found in Awful Condition with Scabies—Body a Mass of Sores from Scratching—Tried Many Remedies for Seven Weeks—Result Was Discouraging, But

ITCHING TORTURES YIELDED TO CUTICURA

"While I was doing missionary work in the lower portion of several cities I found it necessary to know a little of the efficacy of a few medicines and after a while I found that a little knowledge of Cuticura was about all I needed. One of the very bad cases I had to deal with was that of a young woman who had come to us not only broken in spirit but in a most awful condition physically. Our doctor examined her and told us that she had scabies (the itch), incipient paresis, rheumatism, etc., brought on from exposure and the effects of her ragged-edged life. Her poor body was a mass of sores from scratching and she was not able to retain solid food. We tried many things, a good tonic was prescribed and baths with a rubbing of lard and sulphur. We worked hard for seven weeks and you can imagine how discouraged we were when, after all that time, we could see so little improvement. One day I happened to see a Cuticura advertisement telling how a little baby had been cured of a bad case of skin eruption, and although I had but ninety-seven cents with me, I bought a cake of Cuticura Soap and a bottle of Cuticura Resolvent. When I reached home I was like a child with a new toy, and we bathed our patient well and gave her a full dose of the Resolvent. She slept that night better than she had since she had been with us and the next day I located the price of a box of Cuticura Ointment. I am not exaggerating when I say that in exactly five weeks this young woman was able to look for a position, being strong enough to work and full of ambition. In another month she left the home, and now has a good position in a nice family where she is respected and is strong and well. You may refer any one you wish to me, personally. Laura Jane Bates, 85 Fifth Ave., New York, N. Y., Mar. 11, 1907."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults, consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (or in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

THE CHURCH OF CHRIST.

Evangelist Dunn Was Greeted by a Large Congregation Sunday Night.

Sunday was very interesting and enjoyable at the Church of Christ. The largest crowd was present at the evening service to hear Evangelist Dunn on the subject "How We Enter God's Church." He handled this subject from a purely Bible standpoint, and showed very plainly to his hearers what was required of people now to become members of God's family. He is a convincing and forceful speaker and held his audience from the beginning to the close of the lesson.

Services will continue throughout this week, and many subjects of great interest will be discussed. It is hoped that all religious people of the city will attend and put forth a united effort to reach the lost.

Services each evening at seven o'clock.

Candidates Arrange Debate.

Dawson, Ga., Nov. 25.—Congressman J. M. Griggs, of this place, and Judge S. A. Roddenbery, of Thomasville, will engage in joint debate at the [illegible] court. Both gentlemen are candidates for congress, being the present incumbent, Mr. Griggs, and Judge Roddenbery, who is making his initial campaign for congress. Both gentlemen have been stumping a large part of the district for several months, and the joint debate was arranged.

Indicted for Murder.

Macon, Ga., Nov. 25.—J. M. Bridges, the white citizen of Bonner, Ga., who shot and killed Julia Winters Thursday, was indicted by the grand jury for murder and his hearing will take place probably at the present term of court.

SELECTING A HUSBAND.

Capture Him While He Is Still Young, Docile and Plastic.

Because it is the duty of every woman to marry some man it by no means follows that she is deprived of the privilege of making proper discrimination. On the contrary, to fulfill her mission as completely as possible she should exercise the greatest care in selecting a mate. Time was when she had no say in the matter, and in some countries she has little or none today, but in this happily civilized land she still possesses and will undoubtedly hold for all time the right first to choose and then ensnare. It is a noble prerogative—one, in our judgment, that should be appreciated and cherished above all others. And yet, as we have observed, it should be exercised with caution. Let nothing be left to chance, as Plato would have had it when he decreed that pairing should be done by lot. While not overnice, be at least particular in order that the one chosen may feel honored by the distinction conferred upon him and so be the more readily induced to show his undying gratefulness.

Much that was thought and written years ago on how to choose a wife was good enough for the time, but the recent reversal of the relative attitudes of seeker and sought renders it valueless. Nevertheless, despite the fact that in considering the points to be heeded and the precautions to be observed by womankind we find ourselves in a fallow field, certain general principles may be regarded as established. It is best, for example, to capture a husband while he is still young, docile and plastic. Preferably also he should be in love. He may then be trained after the manner best calculated to serve the convenience of her for whom thenceforth he must and should toil.—George Harvey in North American Review.

FROM THE PINE WOODS.

Hyomei's Aromatic Air is Guaranteed to Cure Catarrh or Cost Nothing.

When using the Hyomei treatment, the air you breathe is like that on the mountains high above sea level where the pine woods fill the air with aromatic healing that gives health and strength to those suffering from diseases of the respiratory organs. Breadth through the neat pocket inhaler that comes with every outfit, the healing balsams of Hyomei reach the most remote air cells of the throat, nose and lungs, destroying all catarrhal germs and giving quick relief and cure.

Hyomei has performed almost miraculous cures of catarrh, often restoring health in chronic cases that had given up all hope of recovery. Its best action is at the start of the disease, when the breath is becoming offensive and when discharges from the nose, droppings in the throat and frequent sneezing or spasmodic coughing begin to make life a burden. At the first symptoms of catarrhal trouble, use Hyomei and see how quickly you get relief and cure.

The complete outfit costs but $1 and is sold by J. W. McCollum & Co. under guarantee to refund the money if it does not give satisfaction.

Why Boys Play Hookey.

A child plays truant either because the school has too little interest for him or else because the parent cannot properly control him. Probably in most cases both circumstances affect his conduct. If the subjects taught and the teachers themselves were in all respects what they should be and if the parents had full control of their children's actions, there would be little heard of truancy or its effects. There are three causes of truancy, therefore, which deserve attention, a narrow curriculum which fails to meet the needs of [illegible] interests of the pupils, [illegible] teachers [illegible] sympathy for the [illegible] some of the pupils' weaknesses [illegible] parents who fail to realize their position in school matters and their influence.

Impure blood runs you down—makes you an easy victim for organic diseases. Burdock Blood Bitters purifies the blood—cures the cause—builds you up.

A Disappointment.

Rich Uncle—Is his physician—So you think there's a chance for me?

Nephew—Not of that, but I can assure you that you are out of danger.

Very well, I wish you would inform my heirs, but break the news gently to them.—Philadelphia Inquirer.

GAINESVILLE FURNITURE COMPANY.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, for as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

HAD A FINE TRIP.

Grand Chancellor Lynch Has Been on a Tour of West Florida.

Grand Chancellor L. C. Lynch of the Knights of Pythias is at home again, after an extended tour of West Florida, where he went to make official calls.

Mr. Lynch visited Sneads, Bristol, Apalachicola, Carrabelle and other points. At Sneads and Bristol he had the pleasure of attending the district conventions, in both instances the meetings being largely attended, and a great deal of enthusiasm manifested.

Grand Chancellor Lynch stated that he found the order in a very flourishing condition at every point visited, and he felt very much encouraged over the progress being made. At Apalachicola and Carrabelle the brothers treated him to an old-time fish supper, which it is needless to add was very much enjoyed.

At the Methodist Church.

A most enjoyable feature of the services at the Methodist church Sunday evening was the tenor solo, "The Way of Peace," by J. A. Goodwin, which was thoroughly enjoyed, especially by those who understand and appreciate good music.

Mr. Goodwin is possessed of an unusually clever voice, well trained, and his work is always of the highest standard. The Methodist church is indeed fortunate in securing his services on the choir.

THE LOWMAN CASE IS NOW ON TRIAL

All of Monday Occupied In Completing a Jury.

72 VENIREMEN WERE EXAMINED

J. H. Kincaid Excused After Panel Had Been Tendered and Accepted—Night Session Required to Complete Jury. Judge Carter on Counsel for Defense.

The entire time of the circuit court was occupied Monday in securing a jury in the Lowman murder case, the panel not being completed until 8:30 p. m. when the following twelve men were sworn to try the case:

E. Dyess, L. C. Doane, A. A. McRae, W. G. Carter, James Cellon, J. C. Stokes, E. K. Anderson, Burrell Wiggins, H. J. Riles, John Thomas, W. B. Scarborough, Moses Edelstein.

The defense, which is represented by Judge Syd L. Carter, Hon. John R. Willis and Judge E. A. Pinnelle & Son as counsel, exhausted nineteen of their twenty challenges, while State Attorney J. M. Rivers and his assistants, Hon. A. V. Long and Col. J. A. Williams, had only one of the ten challenges left when the State tendered the panel and the same was accepted. The court had excused thirty-two veniremen for cause.

A Peculiar Incident.

At one time after the panel had been tendered by the State and accepted by the defense, J. H. Kincaid stood up and solemnly informed the court that he did not believe he could do justice in the case. After considerable questioning by Judge Wills the juror was excused, and the work of examining additional veniremen was taken up, another half-hour being required to complete the panel.

After the jury was sworn and Deputy Sheriff I. T. Walker sworn in as bailiff, court adjourned until 9 o'clock this morning, when the taking of testimony will begin.

The Sabal Palm.

Editor Sun: In regard to transplanting the Sabal Palm, or cabbage palmetto, the following should be observed: This species of the palm family is one of the most difficult to transplant, being very slow in forming new roots; hence it is at the risk of the planter to plant small plants, or with only four to six fans on them, because the sap in these young plants is insufficient to sustain the plants until new feeding roots are formed, which will take about twelve months. For this reason a tree from eight to fifteen feet high will grow more rapidly, the same containing sap enough to keep the tree alive. The old roots on these palms should always be pruned off, the same being of no use. After planting the tree should be kept only moderately moist.

In the Mayor's Court.

There was an interesting session of the Mayor's court Monday, the usual number of cases having come up for trial.

Brown, Earnest Hickland and [illegible], arraigned for gambling, were assessed a fine of $5 and costs each.

Porter, Jr. William Stroble and [illegible] Jewell were arrested by Officer Arnow for fighting. They were assessed a fine of $5 each, which was paid.

Officer Kite made the arrests in both cases.

All parties are colored.

CURE BY CUTICURA AT CITY MISSION

Young Woman Found in Awful Condition with Scabies—Body a Mass of Sores from Scratching—Tried Many Remedies for Seven Weeks—Result Was Discouraging, But

ITCHING TORTURES YIELDED TO CUTICURA

"While I was doing missionary work in the lower portion of several cities I found it necessary to know a little of the efficacy of a few medicines and after a while I found that a little knowledge of Cuticura was about all I needed. One of the very bad cases I had to deal with was that of a young woman who had come to us not only broken in spirit but in a most awful condition physically. Our doctor examined her and told us that she had scabies (the itch), incipient paresis, rheumatism, etc., brought on from exposure and the effects of her ragged-edged life. Her poor body was a mass of sores from scratching and she was not able to retain solid food. We tried many things, a good tonic was prescribed and baths with a rubbing of lard and sulphur. We worked hard for seven weeks and you can imagine how discouraged we were when, after all that time, we could see so little improvement. One day I happened to see a Cuticura advertisement telling how a little baby had been cured of a bad case of skin eruption, and although I had but ninety-seven cents with me I bought a cake of Cuticura Soap and a bottle of Cuticura Resolvent. When I reached home I was like a child with a new toy, and we bathed our patient well and gave her a full dose of the Resolvent. She slept that night better than she had since she had been with us and the next day I located the price of a box of Cuticura Ointment. I am not exaggerating when I say that in exactly five weeks this young woman was able to look for a position, being strong enough to work and full of ambition. In another month she left the home, and now has a good position in a nice family where she is respected and is strong and well. You may refer any one you wish to me, personally. Laura Jane Bates, 85 Fifth Ave., New York, N. Y., Mar. 11, 1907."

THE CHURCH OF CHRIST.

Evangelist Dunn Was Greeted by a Large Congregation Sunday Night.

Sunday was very interesting and enjoyable at the Church of Christ. The largest crowd was present at the evening service to hear Evangelist Dunn on the subject "How We Enter God's Church." He handled this subject from a purely Bible standpoint, and showed very plainly to his hearers what was required of people now to become members of God's family. He is a convincing and forceful speaker and held his audience from the beginning to the close of the lesson.

Services will continue throughout this week, and many subjects of great interest will be discussed. It is hoped that all religious people of the city will attend and put forth a united effort to reach the lost.

Services each evening at seven o'clock.

SELECTING A HUSBAND.

Capture Him While He Is Still Young, Docile and Plastic.

Because it is the duty of every woman to marry some man it by no means follows that she is deprived of the privilege of making some discrimination. On the contrary, to fulfill her mission as completely as possible she should exercise the greatest care in selecting a mate. Time was when she had no say in the matter, and in some countries she has little or none today, but in this happily civilized land she still possesses and will undoubtedly hold for all time the right first to choose and then ensnare. It is a noble prerogative—one, in our judgment, that should be appreciated and cherished above all others. And yet as we have observed, it should be exercised with caution. Let nothing be left to chance, as Plato would have had it when he decreed that pairing should be done by lot. While not overnice, be at least particular in order that the one chosen may feel honored by the distinction conferred upon him and so be the more readily induced to show his undying gratefulness.

Much that was thought and written years ago on how to choose a wife was good enough for the time, but the recent reversal of the relative attitudes of seeker and sought renders it valueless. Nevertheless, despite the fact that in considering the points to be heeded and the precautions to be observed by womankind we find ourselves in a fallow field, certain general principles may be regarded as established. It is best, for example, to capture a husband while he is still young, docile and plastic. Preferably also he should be in love. He may then be trained after the manner best calculated to serve the convenience of her for whom thenceforth he must and should toil.—George Harvey in North American Review.

FROM THE PINE WOODS.

Hyomei's Aromatic Air is Guaranteed to Cure Catarrh or Cost Nothing.

When using the Hyomei treatment, the air you breathe is like that on the mountains high above sea level where the pine woods fill the air with aromatic healing that gives health and strength to those suffering from diseases of the respiratory organs. Breadth through the neat pocket inhaler that comes with every outfit, the healing balsams of Hyomei reach the most remote air cells of the throat, nose and lungs, destroying all catarrhal germs and giving quick relief and cure.

Hyomei has performed almost miraculous cures of catarrh, often restoring health in chronic cases that had given up all hope of recovery. Its best action is at the start of the disease, when the breath is becoming offensive and when discharges from the nose, droppings in the throat and frequent sneezing or spasmodic coughing begin to make life a burden. At the first symptoms of catarrhal trouble, use Hyomei and see how quickly you get relief and cure.

The complete outfit costs but $1 and is sold by J. W. McCollum & Co. under guarantee to refund the money if it does not give satisfaction.

Why Boys Play Hookey.

A child plays truant either because the school has too little interest for him or else because the parent cannot properly control him. Probably in most cases both circumstances affect his conduct. THE MASONIC TEMPLE WILL BE A FINE ONE

Plans Showing Magnificent Building Now Ready for Approval.

TO BE MAGNIFICENT STRUCTURE

Will be Composed of Stone and Brick, Two Stories High, Colonial Design, With Leading Club Features—Will be a Credit to Masonic Fraternity.

Plans are about completed for the elegant proposed Masonic Temple for Gainesville, which will make one of the handsomest, most modern and convenient buildings of the kind in the country. While the building will not be as large as others, it will afford ample accommodations for the fraternity here for several years.

The building, of which a description has already been published in The Sun, will be located on the property at the corner of West Main N. and East Court streets, so long owned by the Episcopalians and used as a church ground. The structure will be composed of stone and brick, will be two stories in heighth, with a Colonial finish, and will comprise regular club features. The lower floor will contain the banquet-room in the center, surrounded by the ladies' and gentlemen's parlors, reception and reading rooms, billiards halls for ladies and gentlemen, kitchen, pantry, etc., all most conveniently arranged. The second floor will comprise the lodge room, property rooms, ante-rooms, etc., the plans on this floor having been made for special convenience of lodge features. There will also be, as provided in these plans, separate rooms for the various degrees of the order, where every branch of the fraternity may keep their paraphernalia, costumes, etc., separate from the other branches without the necessity of the locker system.

It is understood that the building committee of the Masonic fraternity will meet Wednesday evening, when Contractor S. H. Dempsey will have the plans ready for inspection and approval of the committee. It is expected that the contract will be let immediately, if the plans are satisfactory, and in that event work will no doubt begin in a very short time.

IS CONSUMPTION INHERITED?

Opinion of a Prominent Bacteriologist Given at a Recent Lecture at Harvard College.

Prof. H. C. Ernst in a recent lecture before Harvard Medical school discussed this theory at length. He claims that consumption is not an inherited disease, and that the children of parents who have had tuberculosis are as likely to grow up strong and healthy as children of parents who have not. Dr. Ernst further claims that the cardinal means for curing this dread disease are plenty of fresh air, sufficient nutritious food, rest and exercise.

For centuries physicians everywhere have recognized the value of cod liver oil in the treatment of consumption and all wasting diseases, but unfortunately few could take it with benefit on account of the indigestible oil.

Vinol has solved this problem. It is the modern cod liver preparation without oil, made by a scientific, extractive and concentrating process from fresh cods' livers, combining with peptonate of iron, all the medicinal, healing and body-building elements of cod liver oil, but no oil or grease. As a specific for all throat and lung troubles, and as a strength creator and body builder Vinol is unexcelled. Try it on our offer to return your money if it fails to give satisfaction.—W. M. Johnson, Druggist, Gainesville, Fla.

THE NEWS FROM MELROSE.

A Delightful Musicale—Other Notes of Interest from That Town.

Melrose, Nov. 25.—The Musicale given on Friday night at the Huffman House was a great success, and great credit is due to Mrs. A. McGregor and her clever pupils. The following program was rendered:

Trio, "Bonnie Dundee"—Misses Belle McMillion, Nettie Huffman and McGregor.

Recitation, "Baby Tommy"—Marion Yearwood.

Piano—Blossom—Miss Ada Kennedy.

Recitation—Miss Nannie Price.

Recitation, "Sweet Maiden Fair"—Theresa Yearwood.

Piano Duette—Misses Neva Husband and Nora Mullen.

Recitation, "The Garden Truck"—Lita McGregor.

Piano Solo—Miss Sadie Mullen.

Recitation, "I've Got Back Home"—Miss Mamie Goodson.

Piano, "Cathedral Echoes"—Miss Neva Husband.

Recitation—Miss Alice Lee.

Piano, "A Morning Prayer"—Miss Ada Kennedy.

Song—Nora Mullen.

At the close of the regular program Mr. O. C. Grimes very kindly entertained the audience with his fine graphophone. More than sufficient was raised to pay for tuning the school piano.

Miss Morman and Miss Harper of Ocean Grove, N. J., have arrived for their annual winter visit.

Mrs. H. Sutton has returned from her visit North.

The long expected motor boat of L. M. Pearsall reached its anchorage safely on Friday afternoon in tow of T. Birt's launch. On account of the canal and Lake Alto being full of hyacinths, the trip from Waldo took three and a half days instead of one and a half hours.

L. M. Baldwin represented Camp 176, W. of W., at the log-rolling of Palmetto Camp No. 3 at Jacksonville. He reports having had a most enjoyable time.

Always Was Sick.

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by W. M. Johnson.

YALE VERSUS HARVARD.

Fully 50,000 Persons Witnessed Foot Ball Game at Cambridge.

New York, Nov. 25.—More than ten thousand New Yorkers, at a cost of $100,000, made the run Saturday to Boston to see Yale and Harvard in their annual football struggle at the city of Cambridge.

It is figured by football enthusiasts here that probably fifty thousand persons saw the great college game. Estimating the average cost to each individual attending at $10 it will be seen that the total cost to those who witnessed the game was in the neighborhood of $500,000.

Judge Rebuked Jury.

Linden, Ala., Nov. 25—Trials of three of the men accused of killing Luke Bradford, an aged miser, at Octagon two months ago, ended Friday. Will Ford was convicted and sentenced to life imprisonment. His brother, Spencer Ford, was sentenced to ten years. Wiley Huckabee was found not guilty. Judge Lackland rebuked the jury for its verdict in the Huckabee case, saying it did not meet his ideas of justice. Cases against Sam Ford and Bert Huckabee, fathers of the boys, were continued.

Killing Was Accidental.

Thomasville, Ga., NNov. 25.—Joe Sneed, a negro living east of town on the Parker plantation, accidentally shot and killed his 4-year-old daughter. He was playing with a gun which he didn't think loaded and pointing at the child, pulled the trigger with the above disastrous results. A coroner's jury which was summoned rendered a verdict of accidental death.

Cotton Stole from Platforms.

Macon, Ga., Nov. 25.—Hardly a night is passed in Macon but that several bales of cotton are stolen from the ware house platforms or from the railroad yards near the city. Many reports of such thefts have been given to the police, but so far the culprits have managed to elude the arms of the law.

Army Deserter Captured.

Macon, Ga., Nov. 25.—Patrolman Robertson captured Harry Miller, a deserter from the army, here, and went to Atlanta with him, where he will be turned over to the authorities. The officer was on the search for the man when he ran upon him.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

CATARRH BLOOD UNHEALTHY SYSTEM DERANGED

The entire inner portion of the body is covered with mucous membrane; this membranous tissue is abundantly supplied with blood vessels, arteries, and capillaries. Each of these is constantly supplying to this tissue or lining, blood to nourish and strengthen it and keep the system healthy. When the blood becomes infected with catarrhal matter it is not able to furnish the required amount of healthful properties, but feeds the parts with impurities which disease the membranes and tissues so that they become irritated and inflamed, and Catarrh, with all its disagreeable and dangerous symptoms, is established in the system. There is a constant ringing in the ears, a thin, watery discharge from the nostrils, the breath has an offensive odor, slight fever often accompanies the disease, and gradually the entire health becomes affected and the system upset and deranged. In its earlier stages, when Catarrh is confined to the nose and throat, sprays, washes, inhalations, etc., are soothing and in a way beneficial, because they are cleanly and usually antiseptic, but such treatment has no curative effect because it does not reach the blood. To cure Catarrh the blood must be purified, and this is just what S. S. S. does. It goes down into the circulation and attacks the disease at its foundation; it removes the cause and makes the blood pure and healthy. Then the blood vessels are filled with fresh, reinvigorated blood, which is carried to all the mucous surfaces and linings, the inflammation and irritation are corrected, the symptoms all disappear, the health is improved and Catarrh is permanently cured. Book on Catarrh and any medical advice free to all who write.

Of course in the case of Grover Cleveland they would call it a third elective term.

France is perfectly willing to export some gold to America with a tariff revision proviso.

Apparently what the womans' suffrage movement in England needs is a course in jiu-jit-su.

Having taken the gold cure in large quantities, the country now needs to be treated for defective circulation.

Mr. Bryan can have one consolation, the Republican party is not apt to appropriate his tariff revision suggestion.

New York politicians would like very much to see the color of that gentleman in Governor Hughes' wood pile.

It would seem that the Kaiser's pilots can go wide with less danger to their license than those on the Mississippi.

If Walter Wellman is real forehanded he will put in the winter figuring out good reasons why his next summer's polar expedition does not start.

One of the several drawbacks we may apprehend from the reassembling of Congress is a revival of the Arizona-New Mexico Statehood discussion.

"Old issue we trust" might be printed on the new Government certificates we will have to keep on issuing to them till we get some adequate legislation.

Secretary Taft cables that he is coming home and cannot stop to see Mr. Bryan. Perhaps he does not want to explain the significance of Cuba's election.

Dippmrosch has a new scheme for a public concert. He would like it better bit if he could get on the platform the clarionet next door to him inaudible too.

If Gaudens does not want to be accused of nature-faking he will have to come up with some sort of an explanation as to how the eagle on the $20 gold piece came to be in the Bahamas.

There is one advantage about this new weather prediction Prof. Moore is proposing. People will have time to forget what the prediction was before the time comes round to compare it with the weather.

VERY ACCOMMODATING.

The Sun's Washington correspondent says Secretary Cortelyou has proved himself quite a resourceful gentleman. He has distributed the funds of the Treasury around in National banks, has set the mint to work turning out all the additional coinage possible, and now he has issued $50,000,000 worth of Panama canal bonds and $100,000,000 worth of Government certificates, all to help tide over the financial stringency. As the letter of the President to Secretary Cortelyou pointed out, the financial stringency exists more in the imagination of the public than anywhere else. The country has already imported nearly $65,000,000 worth of gold from Europe, and this, with the other measures of relief that have been afforded, have really put more money in the country than was here before the panic came. The only trouble is that the panic is still here and the money does not circulate as it should. The President points out that the industrial situation of the country was never better. There are big crops. Up to a very recent date everyone was employed at higher wages than had ever been paid before in this or any other country, and it is a little hard to see what the money flurry was over anyhow. The President approved of the scheme of the bond issue, while he deplored the unreasoning panic that made it necessary. But while it is good enough as a measure of temporary relief, it is only a palliative measure and one that should not be needed. The mere fact that the Government paper is issued is likely to send back to London a large part of the gold that has been drawn from there, and the last state of the money market will be but little better than the first. What is needed is comprehensive currency legislation. This the President has promised to recommend to Congress as soon as that body assembles, and the only good that the panic will have accomplished, if the pinch continues long enough, is to force Congress to pass some sensible currency law such as will render this Government poulticing unnecessary in the future.

The editor of The Sun regrets the publication of the article as it appeared in the local columns of this paper Sunday morning anent the Lowman case. It is not proper to publish anything on the eve of a trial of this kind that tends to prejudice the case either for or against the defendant, and The Sun has heretofore been complimented for its policy in this direction in murder cases. It was not the intention of the local editor to prejudice the case, or impede the selection of a jury, and he regrets also the publication of the purported evidence in the matter. Personally, no person connected with The Sun knows the evidence in this case and has no bias on either side as to its final outcome.

Hon. S. M. Sparkman's decision not to become a candidate for the United States Senate, but to stand for re-election to the House, should insure his retention in the latter place just as long as he desires to represent the people in Congress from the third district. He was undoubtedly the strongest man that could have been pitted against Senator Mallory, and he would have been the most influential man to succeed the senior Senator, owing to his long service in the House and extensive acquaintance with public men throughout the country.

UNLUCKY THIRTEEN.

Superstitious Democrats are warned by a man in Maine, writing to The New York Sun, that in the name of William J. Bryan there are exactly thirteen letters; the same number in his surname and State; that he was nominated on Friday, and that in the words "Chicago Friday" there are the same number of letters. All this may have proved a "hoodoo" for Mr. Bryan, though we do not believe it, but in addition The Chicago Times-Herald said a few days after Mr. Bryan's nomination that the day he was nominated he was shaved in the Palmer House barbershop by a barber wearing badge 13, and that he left for Lincoln on car 13. The enormous Hanna corruption fund and Republican frauds were evidently unnecessary to defeat Mr. Bryan, for how can eloquence and an honest and lofty purpose "overcome the superstitious fear cropping out from the greatly dreaded figures 13," says the man from Maine. But even superstitious Democrats should remember that the unlucky 13 does not always prove a hoodoo, for the number of the original States was 13, and although they had to fight to attain their purpose, freedom was eventually achieved. Nor did Michigan, the thirteenth State admitted into the Union after the adoption of the Federal Constitution, have any especial bad luck until after the Republican party was entrusted with its government, since which time high taxation and corporation plundering has been the misfortune of her people, for which the majority are to blame. Democrats who believe that Mr. Bryan should be President, can, therefore, take comfort from the fact that although the 13 hoodoo appears to have dogged his political footsteps, yet as a National proposition the Democracy either overcame the bad luck attributed to that number or escaped it, except in 1896.

Often The Kidneys Are Weakened by Over-Work

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first restoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

KILLED HIS FRIEND.

Mississippi Physician Shoots Piano Tuner to Death.

Jasper, Ala., Nov. 25—Late Thursday night Dr. T. F. Brewer, of Mississippi, shot and killed Professor Mack, a piano tuner and an old friend. The weapon used was a pistol.

Professor Mack was traveling on business and Dr. Brewer had been accompanying him. They were stopping at Will Gordon's house.

Mack was said to be drinking and it is claimed accused Brewer of stealing a letter from his valise. It is said Mack became enraged and tried to draw a pistol on Brewer. The latter was too quick for him.

Brewer surrendered.

Kaiser May Be Operated On.

New York, Nov. 25.—A London dispatch to the Sun states that the real cause of the kaiser remaining in England after the termination of his state visit to the British court is to prepare for an operation, which will take place within a few days. According to the dispatch, the operation will be through the ear, affecting the throat. It touches the kaiser's original trouble there, which is referred to as hereditary, but it is added, the operation is not a serious one.

Will Reduce Mechanics' Wages.

New York, Nov. 25.—A conference of importance to the sixty thousand skilled mechanics in the building trades in this city, has just been held at which the master carpenters' organization gave notice to the Brotherhood of Carpenters that after Jan. 1 their wages will be reduced from $5 to $4.50 a day. Because of the tightness in the money market the construction of buildings has decreased 50 per cent, and this the master carpenters gave as a reason for their action.

Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weaknesses and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional indorsement of each of its several ingredients—worth more than any number of ordinary non-professional testimonials. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath.

In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It *will* often *prevent* them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent *free* on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

HONESTY AS A POLICY.

Reflections of a Jailer Whose Wife Took a Prisoner's Cake.

Rather an original story comes from the criminal prison at Warsaw. A bookkeeper named Schneider was awaiting his trial, being charged with fraud. As his health was bad, his family sent him many little delicacies unknown in the prison fare, delicacies which, no doubt, the head warder shared with him.

One day, among other things, a huge iced cake appeared. The warder's children were fond of cake, and so was his wife. They therefore determined to keep half of it for themselves. Their surprise was great when upon applying a knife to the dainty it stuck just below the icing and refused to go any farther.

"It must be baked to a cinder," said Mrs. Warder. But her good man, suspecting that something worse than careless baking was responsible for the cake's hardness, cut round the sides and was rewarded by finding a revolver and seven cartridges buried in the paste.

When brought up before the authorities Schneider confessed that he had intended to shoot his guardians and escape from prison before his trial. "After all," said the warder pensively when he told his story, "honesty is not always the best policy. If my wife had not cut into that cake I should have been a dead man by now, for I sleep hard."—Pall Mall Gazette.

CRUELTY IN PERSIA.

Queer Things About the People of That Queer Country.

According to the authors of "Queer Things About Persia," cruelty is common there. The executioner cuts throats in a public square, and the spectacle excites little interest. Criminals are sometimes crucified and sometimes walled up alive. Women for certain offenses are cast headlong from a tower. The Persian is a gentleman of surpassing courtesy and politeness, but say these writers: "The same man who drops rose petals under your feet in order to make them avoid the hardness of the road will not hesitate to make you suffer the most cruel tortures. He delights in the murmur of the rivulet in the moonshine, but the sound of blood flowing from an open wound has also for him its fascination. The singing of the nightingale fills him with rapture in the night, but he quivers with pleasure at the cry of pain from a victim." Also they affirm that lying is an institution and no one condemns it. "The Persian does not consider a lie a sin. He thinks that we have a bad opinion of lying because we do not know how to lie, and if he shows an unbounded confidence in everything the Europeans say it is chiefly because he thinks we are totally devoid of the gift."

The Eternal Sea.

Edith is one of the children in a household where Sabbath observances are of the old school type of severity.

"I shall always stay here," she declared at the close of her second day at the beach. "Because they don't put the sea away on Sunday."

ENGLISH INN SIGNS.

One That Cast a Reflection on King George III.

One of the first stopping places of the London and Weymouth coach was at a little Dorset village, whose principal hostelry was known as the Ass' Head. So good were the refreshments, so obliging the host and so reasonable the charges that the inn did a thriving trade and was well spoken of throughout the district. In one of George III.'s visits to Weymouth the royal party stayed at this inn and had lunch. This was very gratifying to the loyal host, who immediately took down his original signboard and erected a full length painting of the king in its place. Henceforth the inn should be known as the Royal George. The proprietor of the rival hostelry in the village purchased the Ass' Head sign for a few shillings and had it placed over the door of his house. Now, it so happened that the coachman and guard of the Weymouth coach had been changed on the day this alteration of the signboards took place, and they were both strangers to the district, but their instructions had been to stop at the Ass' Head, and, seeing the sign on the rival house, they pulled up there. This much annoyed the original owner, who, foreseeing that his pocket might suffer for his loyalty, immediately had nailed to the bottom of the painting of King George a board with these words in large letters: "This is the original Ass!"—London P. T. O.

ON A CASH BASIS.

Step Taken by Chicago Clearing House Association.

Chicago, Nov. 25—A step looking toward the resumption of business on a cash basis has been taken by the Chicago clearing house association.

Letters have been mailed to bankers of the middle and western sections of the country asking them to express their opinion on the general situation. The statements will be tabulated and used by the Chicago financiers as an index of the feeling outside of the city of New York.

There was a general expression favoring this move in a meeting of the association. James B. Forgan, president of the First National bank, presided. Some of the members said that it might be advisable to hold a meeting when bankers from the country as well as business men both of Chicago and from states adjacent to Illinois would be invited to be present to discuss the question. Others expressed the opinion that the time was not ripe for such a meeting, and that at present it would be impossible to undertake to pay all checks in currency.

CLAIMS SELF-DEFENSE.

Man Arrested Charged With Killing Another 14 Years Ago.

Birmingham, Ala., Nov. 25—Sheriff Tragg, of Dallas, Tex., is on his way home from Goodwater, Ala., having in custody J. W. Bullard, a merchant, well thought of, who is charged with killing a man named Hamonds 14 years ago.

Bullard claims the kiling was in self-defense. After the killing Bullard left Texas and went to Central America, where he remained several years. He came to Alabama and took up farming some distance out from Goodwater and not only did well, but made many friends. Then he started into the mercantile business and prosperity continued with him.

A dissolution of partnership followed, and his arrest on a telegram from Texas was another incident. He apprehends no trouble in proving the claim of self-defense.

WHY NOT A SPEEDY TRIAL?

Littleton, Counsel for Harry K. Thaw, Makes a Statement.

New York, Nov. 25.—Martin Littleton, counsel for Harry K. Thaw, has authorized this statement:

"I cannot understand why Harry K. Thaw is not accorded a speedy trial, especially in view of the fact that the district attorney and his eminent medical advisers have heretofore publicly declared that Harry K. Thaw was insane at the time of the killing of Stanford White and therefore not responsible under the indictment.

"Mr. Littleton said also that he was reliably informed that the order which Mr. Jerome obtained from Justice Fitzgerald for the drawing of a special jury had not been entered and that on December 2, when Thaw's trial, Mr. Jerome said Friday, is to begin, he will not be ready.

DROPPED DEAD ON STAGE.

Papinto, the Fire Dancer, Had Stroke of Apoplexy.

New York, Nov. 25.—A dispatch from Berlin reports that Papinto the fire dancer, dropped dead from an attack of apoplexy on the stage of the Apollo theater in Dusseldorf, Germany, Thursday night.

Papinto was an American, a native of California, where she owned a large stock farm on which race horses are raised. She was a dancer of fine ability, her specialty being a performance on a stage set in mirrors. She was a handsome young woman and was widely known in this country and in Europe.

SCHOOL GIRLS SUSPENDED.

Disobeyed Orders in Attending a Football Game.

Chicago, Nov. 25.—A special to the Tribune from Muskegon, Mich., says:

Fourteen girls, comprising the entire senior class of Pentwater, Mich., high school, attended the football game between Hart and Pentwater Friday, disobeying the orders of the principal, and were suspended for the year.

Child Labor Plank in Platform.

Montgomery, Ala., Nov. 25.—That child labor is causing attention at Washington is further illustrated by the arrival of a second representative to look into the question. A short time since a Mrs. Foster, representing President Roosevelt, had a look over the mills, and Saturday comes Dr. C. W. Stiles, on the same errand. It is supposed to presage a strong child labor plant in the next national republican platform.

Virginia's Monument Dedicated.

Vicksburg, Miss., Nov. 25—Due to the inclement weather the Botetourt (Virginia) memorial bronze tablet in the Vicksburg National park was dedicated at services held in the Baptist church Friday night, instead of at the park, as was planned. Governor Vardaman delivered an address, and Mayor Griffith spoke briefly. This is the first confederate memorial in the Vicksburg park.

There is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. Sold by W. M. Johnson.

A Good Answer.

In a public school examination an eccentric examiner demanded, "What views would King Alfred take of universal suffrage and printed books if he were living now?" The ingenious pupil wrote in answer, "If King Alfred were alive he would be too old to take any interest in anything."—London Telegraph.

Sound Sleep Depends On Good Digestion

Insomnia is a result of dyspepsia.
Do you sleep well?
The suffering stomach sets your nerves on edge, banishes sleep and leaves you a prey to dark thoughts and a terrible, oppressive sense of impending calamity.
You become thin and scrawny; your face is pinched and sallow. Your food distresses you. In the morning a bad taste and bad breath.
We have a remedy we know will correct these conditions.
Rexall Dyspepsia Tablets will make your stomach well and strong.
They will quiet your nerves; fill your veins with rich, red blood; brighten your eyes; put flesh on your bones; make your complexion clear and fresh, and bring you sound, refreshing sleep.
We guarantee they will relieve you of the load that is breaking you down physically and mentally.
Because of our positive knowledge of the many wonderful cures Rexall Dyspepsia Tablets have effected, and to make you feel our confidence in them, we promise to give you back your money without question if you say they have not cured you.

Five Years' Suffering Ended

"For five years I suffered acutely with indigestion, my principal complaints being headaches and a feeling of fullness and distress after eating. Combined with this I suffered severely with a belching of gas and a general run down condition. I took the Rexall Dyspepsia Tablets and I cannot say too much for what they accomplished for me. My headaches and all the accompanying ills have entirely disappeared. I sleep well and my general health has improved 100 per cent.—Mrs. J. Stout, 253 Genesee St., Buffalo, N. Y."

OUR LARGEST SCALES.

The Monster Weighing Machine In the Washington Navy Yard.

The largest scales in the country are in the navy yard at Washington. They outweigh the largest railway scales by fifty tons. The latter are not to be sneezed at, for they easily weigh as much as a heavily loaded car. The navy yard scales are so accurate that they come within a pound of the exact weight. Railway scales are considered good if they come within fifty pounds. All the large ordnance manufactured for the navy is weighed upon this machine, which is some ten years old. The scales look like ordinary hay scales.

The delicate mechanism is invisible, the most intricate parts being in a broad pit below the ground. The platform is forty-eight feet long and twelve feet wide. Beneath the powerful machinery is a cement base laid upon long piles. A solid base being one of the prime requisites of a powerful weighing machine, it was found necessary to use a pile driver to secure a stable foundation.

The machine is regarded as the finest of its kind in the world and is a splendid achievement of American ingenuity. In order to show the accuracy of the scales an official picked up half a brick and tossed it upon the platform. He then converted a four brass jewer and found that the brick weighed just one pound.

The capacity of the scales is 500 tons. Two seventy-inch guns lying on a forty-eight foot car truck can be weighed on the machine without taxing its capacity.—Washington Star.

I Trust You.

If ever my pathway is hedged with thorns, I trust you.
If ever the burden of life seems more than I can bear, I trust you.
If ever my cup of joy is filled to overflowing, I trust you.
If ever my heart is glad and gay, I trust you.
If ever the world is against me, you and I trust you.

Home.

Home! How deep a spell that little word contains! It is the circle in which our purest, best affections move and concentrate themselves, the hive in which, like the industrious bee, youth garners the sweets and memories of life for age to meditate and feed upon! It is childhood's temple and manhood's shrine—the ark of the past and the future.—Uhland.

No Decoration Required

It was Mr. Hobart's first experience with waffles, and he liked the taste of them. When he had been served twice he called the waiter to him and spoke confidentially.

"I'm from Pekeville," he said, "and we're plain folks there. Don't care much for style, but we know good food when we get it. I want another plateful o' those cakes, but you tell the cook she needn't stop to put that fancy printing on 'em; just send 'em along plain."—Youth's Companion.

Terrible Fate.

There is something which will appeal to every American in the horror of a fate invoked upon Henry James, Sr., by his son, the novelist, and recorded in the letters of E. L. Godkin. The young man had been worsted in argument and exclaimed:

"Then may your mashed potatoes always have lumps in them!"—Youth's Companion.

RETIRED BUSINESS MAN FAVORS NEW THEORY

E. H. Lambert, of Everett, Massachusetts, Believes Stomach the Seat of Life.

One of the most interesting statements recently concerning the so-called Cooper theory, that is sweeping over the country during the past year is made by E. H. Lambert, a retired business man, whose home is at 7 Morris Street, Everett, Mass. Mr. Lambert has this to say in connection with Cooper and his medicines:

"Some time ago I read an article about this man Cooper, in which he claimed that stomach trouble was responsible for most ill health. I am free to say that, although I had tried nothing but get the stomach in sound condition, it would, in most cases, remove kidney and liver troubles and various other ailments. I concluded from this that the stomach was the main cause of sickness, and I firmly believed that the success he has had with his medicines was due entirely to this fact.

"I am now fully convinced that this theory is correct, and believe Cooper has a really remarkable medicine, judging from my own experience.

"I have been a sick man for five years. Three years ago I was told by a physician that I had Bright's disease of the kidneys. I have treated constantly for this trouble since, without results. After reading the article I have mentioned, I purchased some of this man Cooper's medicine. I have been astounded by what it has done for me. I was relieved to some extent within 24 hours. Today my health is better than for five years, and so far as I can tell, my kidney trouble has disappeared.

"My wife, who had stomach trouble for some time, tried the preparation after noting its action in my case, and her improvement is fully as marked as mine. She now eats heartily three times a day without any distress whatsoever. Her nervousness has also left her. I certainly believe this man's success is fully justified, as he undoubtedly has a wonderful medicine."

We will gladly describe the remarkable record made by the Cooper medicines to all who wish to know of them.—J. W. McCollum & Co.
